A Message from the CEO

Celebrating the class of 2026 and SIRM's next chapter

Junaid Elahi | Chief Executive Officer, SIRM College

Dear Graduates,

Today is about you: your perseverance, your achievements and the commitment it has taken to reach this important milestone.

On behalf of everyone at SIRM College, congratulations to the class of 2026.

Graduation is not simply the culmination of your studies; it is the beginning of the opportunities you will create, the connections you will build and the contributions you will make.

This year is particularly meaningful as we look ahead to the next stage of SIRM's development.

Through the introduction of the SIRM Careers & Enterprise Hub and the SIRM Guild Network, we aim to strengthen the connections between learning, achievement, professional opportunity and community.

Our ambition is to ensure that the SIRM journey continues long after graduation.

As you celebrate today, remember that you will always remain part of the SIRM family.

Congratulations once again. We look forward to seeing where your next chapter takes you.

A Message from the Principal

Academic achievement, resilience and future growth

Dr. Laura Marulanda-Carter | Principal, SIRM College

Dear Graduates,

Graduation is a proud moment not only because of the qualifications achieved, but because of the journey behind every success.

For many of you, that journey has meant balancing education with professional responsibilities, family commitments and the challenges of everyday life.

Your achievements demonstrate determination, resilience and a genuine belief in the power of education.

At SIRM, we believe that learning should open doors to personal growth, further education, professional development and greater opportunity.

As we celebrate the Class of 2026, we also look ahead to an exciting new chapter for our college and wider community.

May today remind you of what you have already accomplished and inspire you to pursue what comes next.

Congratulations to every graduate. We are immensely proud of you.
