SIRM is committed to providing a high quality environment for employment, research and study and to ensuring the wellbeing of our staff and students. Our institutional values of freedom of expression and freedom of thought are underpinned by the principles of mutual respect and inclusivity, as well as celebration of diversity.

This Equality & Diversity supports SIRM's aspiration to be a respected higher education institution. We aim for high quality in all that we do, and to create a culture in which staff and students can be authentic and thrive. Our belief is that difference is welcome and embraced.

Our aim is to build our staffing and ensure that our employment practices seek to ensure appropriate representation of women across all grades and types of roles.

We will ensure that we maintain data to help us to find ways to ensure inclusivity across colleagues. All staff has a requirement to complete Equality & Diversity training, and we will introduce resources for harassment and unconscious bias. The staff salaries will be reviewed to undertake and publish regular Equal Pay Reports, to ensure no pay gap emerges.

SIRM is concerned to tackle gender and ethnicity attainment gaps so that all students have equal opportunity to succeed. These activities show how we put into practice the aim to redress inequality and disadvantage. And seek positive change to both culture and practice. This E&D Strategy outlines our vision of how we plan to do this, taking forward this important work over the next five years.

Purpose

The Equality & Diversity Policy builds on foundations of institutional policy and resource commitment, legal compliance, specific objectives and senior engagement secured.

This E&D Strategy outlines an operational framework within which objectives are identified, addressed and implemented. Progress against milestones will be closely tracked at a senior level and reported to staff meetings and the School Advisory Board, relevant governance bodies, maximising opportunities for robust consideration of issues and their potential solutions. They add to SIRM's core activities of promoting equality and diversity, developing best inclusive practice, and maintaining compliance with equalities legislation.
